The reading and discussions: We love to hear details – outstanding quotes, AHA! moments; ways in which the experience made authentic connections to participants' lives, and promoted new understanding. What of value emerged from the discussions? Thank you!

Your program ideas that enhanced the discussions: Describe a group activity, technique, or particular method of discussion that you found worked well with this group of readers to build understanding of a theme and enhance the reading experience. You can also send a plan if available, to be added to the facilitator resource guide.

Your interactions with the literacy coordinator/teacher and *Connections* coordinator/New Hampshire Humanities. In the planning and implementation of this series, what worked well? What could be improved?

Donated time: Please tell us how many hours you spent preparing for this program.

Thank you!
